*"Seventy 'sevens'*** are decreed for your people and your holy city to finish transgression, to put an end to sin, to atone for wickedness, to bring in everlasting righteousness, to seal up vision and prophecy and to anoint the most holy."*

Daniel 9:24

"So Jacob served seven years to get Rachel, but they seemed like only a few days to him because of his love for her. Then Jacob said to Laban, 'Give me my wife. My time is completed...'"

...When morning came, there was Leah! So Jacob said to Laban, What is this you have done to me? I served you for Rachel, didn't I? Why have you deceived me?

Laban replied, 'It is not our custom here to give the younger daughter in marriage before the older one. Finish this daughter's bridal week; then we will give you the younger one also, in return for another seven years of work.'

(9/13/2007 - 9/29/2008)

This is the 2nd set of installments of a series I intend to continue for many months. The premise is simple: *For over a decade, I have focused my - and readers' - attention on the period of **2007/2008** as a time of great significance when a plethora of cycles aligns...* This cycle is linked to earth-disturbance cycles, geopolitical and war/peace cycles, market cycles & a host of other related and (seemingly) unrelated events & cycles...it is the **synergy** of these events and cycles - NOT necessarily their individual importance or lack thereof - that increases the significance of this period...

360 Degrees - Coming Full Circle - Part III

10/28/05 - There are still many more examples of **60** and **360**-Year cycles coming into play during - or immediately surrounding - the year 2008...There are also scheduled events for 2008 that are an intriguing 'coincidence' when viewed in light of all these cycles. One of these events is directly related to the discussion from last month...

2008 is exactly 360 years from one of the most heinous persecutions of the Jews - at the hands of the Ukrainians - in 1648 (Chmielnicki Massacre). *Ironically, 2008 has also been pegged for the time when the EU will begin to consider the modern nation of Ukraine for membership.*

So, not only is there the cycles and relationship between the Ukraine and the Jews, there is also the potential for a great schism between the EU and Russia, IF the Ukraine moves ahead with aspirations for joining the EU. Russia has already vocalized strong opposition to this move. It could be the proverbial '*straw that breaks the bear's back*' and drives Russia into a closer alliance with her Middle Eastern friends - like Iran & Syria.

...With regard to the Middle East, Israel and the plethora of 60-year cycles coming into play in 2008 (5768), there is another for which current events are already aligning. And, again, it is tied to CRITICAL, global-political-altering events from 1948.

"Joseph is a fruitful vine, a fruitful vine near a spring...because of the Almighty, who blesses you with blessings of the heavens above, blessings of the deep that lies below..."

Genesis 49:22, 26

"Most blessed of sons is Asher; let him be favored by his brothers, and let him bathe his feet in oil."

Deuteronomy 33:24

*"I will give you treasures of the darkness**, riches stored in secret places so that you may know that I am the Lord"*

Isaiah 45:3

1948 is when the largest oil field in the Middle East was discovered.

The discovery of the Ghawar Oil field in Saudi Arabia - still the largest field in the world and the one that accounts for over half of Saudi Arabia's production - changed the structure and economics of the energy industry around the world.

Over the ensuing years, it accounted for the growing US dependency on imported oil... instead of the 'home-drilled' variety.

This momentous change has played into much of America's geo-politics since then. A full 60-year cycle from then is **2008**.

It would not surprise me if **2008 (5768)** is when the next - and possibly most - significant oil find will occur in the Middle East - *in Israel...* IT www.insiidetrack.com [End excerpt from *Chapter VII* - Entire text of *Chapter VII* - and entire Report: **Focus 5768 II** - available to all new subscribers.]

60 Degrees - A Grand Cycle of Oil

11/30/05 - ...My guess is that a major oil strike will occur in Israel between late-2007 & **2008 (5768)** - 60 years from the most significant oil find in the Middle East. If so, precursor oil strikes are likely within 12 - 18 months. On a slightly different (cycle) topic, there are several modern-day parallels to ancient Israeli/Jewish events that also pinpoint **5768** as a crucial time.

One of them has to do with Israel himself... Israel was the name given to Jacob, later in life...When Jacob was 76 years old (based on diverse sources of chronography), he fled to Paddan Aram and to his uncle Laban (another deceiver). Jacob fell in love with his cousin Rachel & worked 7 years in order to gain her hand in marriage.

At the end of those 7 years, he thought he married Rachel and the next morning discovers it is really Rachel's sister Leah. Jacob confronts his uncle Laban and a deal is struck whereby Jacob will work another 7 years for Rachel (although he does receive her only 7 days after marrying Leah... see page 1 for

passage from Genesis).

Is it just me or do you find the coincidence intriguing that Israel (in the form of Jerusalem) is freed in 1917 and 76 years later (in 1993) she signs a major peace agreement (Oslo Accord, on Sept. 13, 1993) that is supposed to reach fruition in 7 years. At the end of that 7 years - in July 2000 - Israel offers even more for that beloved 'peace' but a strange thing happens. Another 'deceiver' - Yasser Arafat - refuses & walks out on Israel and gives her - exactly at the 7-year point (in September 2000) - the outbreak of a 2nd intifada. Since that time, Israel has struggled to find a way to gain what she thought she had labored 7 years for.

On September 13, 2007 - **exactly 14 years to the day** from the signing of the Oslo Accord - the year **5768** begins. Could Israel finally get what she thinks she wants ... *IT* www.insiidetrack.com [End excerpt from *Chapter VIII* - Entire text of *Chapter VIII* - and entire Report: **Focus 5768 II** - available to all new subscribers.]

Seventy 'Sevens' in 2007

01/03/06 - There is still a great deal of discussion to be devoted to the *Cycle of 360 Years* (and its multiple - the *Cycle of 720 Years*) ... I want to jump over to another cycle and lay the groundwork for it...

...The Jewish Year of **5768** is the convergence and culmination of a VERY significant *490-year* period (70 7-year periods), an intriguing *70-year* period and a critical *7-year* period. Each of these has been addressed in separate discussions but 'the whole is greater than the sum of its parts'.

5768 marks the completion of a *490-year* period from the Gregorian years of 1517 - 1518 AD. 1517 is when the church began to separate from Rome (a combination of church and state that had been in existence for over 1100 years by then) and when Jerusalem was conquered by the Ottoman Turks. The period of 2005 - 2010 is also 3 *490-year* periods since one of the most mysterious and one of the most devastating super-volcanoes (or comet impact, or both) in 535 - 540 AD. It is also 4 *490-year* periods from the worldwide famine of 46-47 AD (usually identified with *Syria*), described in Acts 11:27 - 28 and documented by diverse secular historians. It is as if a long-term cycle of *490 years* keeps identifying major world-wide (often catastrophic) events.

...Even more important, however, is the fact that we are entering the period (starting in 2006) that is 5 490-year periods from the rebuilding of Jerusalem that began in 445 BC (see Nehemiah 2). This rebuilding began the clock ticking on Daniel's prophecy of 70 'weeks' of years (490 years) and appears to have, simultaneously, begun the clock ticking on a larger sequence of 490-year periods....

Other Quotes from Focus 5768:

10/31/05 - ...The ubiquitous cycle of 40 years of 'testing' that has governed Israel's existence. In the last century, there have been two major earthquakes in Israel. The first was a 6.2 earthquake in 1927 (coming during the same year that a devastating earthquake hit Nanshan, China - killing over 200,000 people). The second was a 7.2 earthquake in 1967. **40 years and 80 years later is 2007...**Is more destabilization (shaking things up) on tap for August/September 2007? This also...

11-30-05 - ... the battles for the 'Kingdom of Jerusalem' spanned 1258—1291 and raged from Persia to Baghdad to Syria and finally to the location of modern-day Israel. 720 years later (1978 - 2011), America and the Western World began to battle first with Iran (ancient Persia) in 1978/1979, then Iraq (1991 - 2003) and it is looking more and more like Syria is next on the list. If Syria becomes the target in **2006**, that will allow a little more time before the battle with Iran heats back up and before the focus turns more intently to...

...**2006** is also a very important time with regard to the stock market. It culminates a large web of 4- and 8-year cycles and Cycle Progressions and could pinpoint the top of a 4-year rally from the October 2002 cycle low...
